## GREEKS IN THRACE TAKE ADRIANOPLE

Turks Destroy Maritza River  
Bridges and Entrench  
Along Railway.

BULGARIANS KEEP QUIET

Busy With Their Great Har-  
vest and Make No Move to  
Help Former Ally.

By the Associated Press.  
CONSTANTINOPLE, July 21.—The War Office announced that it had learned that the vanguard of the Greek army in Thrace had entered Adrianople. The Turks have destroyed the bridge over the Maritza River near the junction of the Constantinople line with the Salonika line, and also destroyed four bridges within twenty miles of Tchatalja. The Turks are entrenched at many points along the railway between the Maritza River and Tchatalja, prepared to harass the Greek advance.

A Smyrna despatch says Greek troops, supported by an Anglo-Greek naval force which includes men from two British dreadnoughts, have landed at the ports of Eregh, Sultankul and Rodosto, on the European shore of the Sea of Marmara, according to a communiqué issued at Greek headquarters, Tuesday. No resistance was encountered at Sultankul or Eregh, while at Rodosto the opposition of the Turks was broken, their troops fleeing into the interior. The statement adds that landing of troops is continuing according to schedule.

It was learned through French sources that scattered firing in Adrianople, where the Greeks and Turks have clashed, actually began July 19, artillery and machine guns commencing the attack, in which infantry later participated. The civil population, according to the Turkish War Office, has been evacuated from Adrianople.

The Greek High Commission here has received advice that the fighting is continuing because of Greek preparations to occupy Eastern Thrace. The French have charge of communications in Adrianople and consequently their advice generally are credited here.

A Bulgarian airplane was shot down Sunday near Adrianople and the pilot admitted he was flying to the aid of Col. Jafar Taver, the Turkish commandant at Adrianople. The number of Bulgarian irregulars prepared to assist the Turks against the Greeks is estimated at thousands, most of the irregulars being already in Turkey. There is no verification of rumors that the Bulgars are attacking the Greeks, and the Greek High Commissioner here discredits the report, saying the Bulgarian Premier undoubtedly would prevent attacks upon the Greeks from Bulgarian territory, as he has promised. The Commissioner declared the Bulgars were busy with their great harvest and were dreading to have their country become involved in a collision with the Greeks.

British troops made a raid Monday night on the bandit groups that have transferred their activities to the European shore of the Bosphorus. The raid resulted in the capture of fifty bandits, many guns and considerable ammunition which had been hidden in the village of Sandis preparatory to a raid upon the neighboring headquarters of the British mission, where General Milne and Admiral Robeck are living in the former Austrian summer embassy.

The Turks have been circulating rumors that the Cabinet was discussing the advisability of urging a British mandate for all Turkey as the best means of quieting the present disturbed situation. In political circles it was thought these reports were intended more to widen the breach between the Allies than with the hope of bringing such action about.

Wholesale arrests have been made in connection with an alleged plot to promote a general uprising of Moslems against foreign occupation. The confession of one plotter is reported to have implicated high officials of one of the Entente Powers in the alleged conspiracy, which was directed chiefly against the British.

**TURKEY YIELDS; WILL SIGN PEACE TREATY**

Sultan and Princes in Council Agree to Submit.

CONSTANTINOPLE, July 21.—Turkey will sign the peace treaty. The declaration reached yesterday afternoon, and Demad Ferid Pasha, the Grand Vizier, named a new peace delegation.

The delegates planned to leave Constantinople to-day for Paris on the steamship Gul Djemal.

Reichl Bey, Minister of the Interior, who is at present in Paris, will be chairman of the delegation, the Grand Vizier remaining in Constantinople.

**BELFAST UNIONISTS ATTACK SINN FEINERS**  
5,000 Shipyard Men Beat Up Comrades in Boycott.

BELFAST, July 21.—A number of Sinn Fein employees of Harland & Wolff's shipyards were badly mauled to-day and several were taken to the hospital in consequence of an attack by Unionist workers, more than 5,000 of whom held a meeting at the dinner hour and adopted a resolution to boycott all Sinn Fein workmen in the yards.

A large body of Unionists proceeded to East Yard and urged the Sinn Feiners to quit immediately. A fracas ensued, in which the Sinn Feiners were roughly handled. Seven of them tried to escape by swimming across Musgrave Channel but were met on the other side by a hostile crowd and after being beaten were compelled to turn back.

**IRISH LABOR WANTS RELEASE OF LARKIN**  
Strike in Dublin and Parade to American Consulate.

Special Cable Despatch to THE SUN AND NEW YORK HERALD, Copyright, 1920, BY THE SUN AND NEW YORK HERALD.  
LONDON, July 21.—Dublin was in a state of great excitement to-day. A one day strike had been called to secure the release of James Larkin, head of the Transport Workers' Union, now in prison for criminal anarchy in the United States. The call was responded to by dock workers and labor in some other trades. The strike was not general, though the leaders succeeded in intimidating the paper mills proprietors, and work on the quays, in the shipyards and in the paper mills ceased.

Trouble was anticipated when it was announced that the strikers would march to the American Consulate, which was singled out as the object of the hostile demonstration. More policemen were placed in the streets than have been seen for months.

The procession, led by Miss Della Larkin, consisted of very few men, who cheered for Larkin as they passed the Consulate.

**ZIONISTS REFUSE TO ADOPT ONE LANGUAGE**  
Reject Yiddish and Make Dollar Shekels Coin Unit.

LONDON, July 21.—An attempt to end the confusion of tongues through the adoption of one language, led to such an uproar that suspension of the sittings of the Zionist Conference was again threatened this morning. The storm was precipitated through a proposal to adopt Yiddish as the official language of the conference and make only those speaking it eligible for admission. The proposal was defeated.

The Budget Commission's recommendation that the value of the shekel be raised to one dollar, instead of a quarter of a dollar, as heretofore, and that the political and administrative activities of all Zionist organizations be covered solely by the shekel was adopted. A budget totalling \$86,000 for the year ending May 31, 1921, was presented.

**CHATEAU-THIERRY HONORS**  
Citizenship for Secretary Baker and Other Americans.

PARIS, July 21.—The Chateau-Thierry Municipal Council has conferred the title of "citizen" upon Marshall Foch, Gen. Franchet d'Espèrey, Gen. J. J. Jusserand, French Ambassador to the United States; Myron T. Herrick, former United States Ambassador to France, and Franklin D'Olier of Philadelphia, national commander of the American Legion.

The commanding Generals of the American troops which delivered the city from the Germans were similarly honored.

**BRITAIN YIELDS A POINT.**  
Will Not Force Germany to Pay Full Cost of Occupation.

PARIS, July 21.—Great Britain, it is understood, will agree to accept 16 francs from Germany as fixed by the Spa conference as the daily cost of maintaining a soldier of the army of occupation along the Rhine. The same as reported by the British, the French cost, although the British expense a man is considerably higher. The United States has not been asked to take such action, it is stated, as the reported belief in official circles here is that America would withdraw her troops unless she received the full cost for their maintenance from Germany.

## BOLSHEVIKI FIGHT ON POLISH SOIL

Detachments Force the River Zbrucz in General Offensive.

By the Associated Press.

WARSAW, July 20 (delayed).—The heaviest fighting ever experienced on the southern front is now under way, the Bolsheviki having launched a general offensive from the Rumanian border to the Polish marshes. Detachments of Bolsheviki have forced the River Zbrucz, bringing the battle upon Polish soil for the first time.

An official communication announces force fighting along the Stry River. All the Red attacks have been repulsed, except at one place, south of Woloczysk (which lies to the east of Tarnopol), where Red infantry, after artillery preparations, succeeded in crossing the River Zbrucz (frontier of eastern Galicia). There were heavy losses on both sides.

A furious battle is raging in the region of Rovno, where a Red cavalry patrol broke through the rear of the Polish line. In the north the fighting has reached a point east of Grodno. There the Reds are driving southward toward the River Niemen line. After two days of fighting with infantry and armored trains the Poles are withdrawing. The Reds are attacking repeatedly east of the River Niemen, and the town of Slonima. The Poles are entrenched at places and endeavoring to make a stand behind the barbed wire defenses used by the Russo-Germans. The face of an overwhelming number of Reds.

Purely as a precautionary measure in the event that the Bolsheviki directly menace Warsaw, the American Legation has suggested that the American women welfare workers and the wives of Americans here prepare to depart within the next few days. It is estimated that there are about 100 American women in Poland. The American Relief Commission has more than 1,000 cars of food in Poland, valued at \$3,000,000, and also clothing worth \$1,000,000.

LONDON, July 21.—Bolsheviki troops have occupied Orany, Meretich, Marchinkanetz, Dublohy and Radun, to the northeast of Grodno, according to an official statement from Moscow dated Tuesday, which adds: "The Poles have been driven from the River Meretich, in the Slutsk region. The Bolsheviki have forced the River Zbrucz, in the region of Volochy and Gustin, to the northwest of Kamenets-Podolsk, and are fighting fiercely for Polish fortified positions."

**SIBERIANS TO ASK JAPAN TO REMAIN**  
Urge Her to Reconsider Evacuating Baikal Region.

Special Cable Despatch to THE SUN AND NEW YORK HERALD, Copyright, 1920, BY THE SUN AND NEW YORK HERALD.

TOKYO, Japan, July 20 (delayed).—The Japan section of the Russian National Union, whose membership includes former members of the Duma and other prominent refugees, are urging the Bolsheviki in Siberia to send a mission to Japan while the Diet is in session in order to induce the Japanese to reconsider their intention to evacuate the Baikal region.

Harbin advisers report that the National Union there is in favor of uniting all anti-Red factions in a new Government which will appeal to Japan for assistance. Gen. Horvath is favored for head of the new Government.

**CHINA'S MILITARISTS NOW ADMIT DEFEAT**  
Anfu General Offers Surrender to Chihli Faction.

PEKING, July 19.—Peace terms amounting to complete capitulation of the military (Anfu) party have been offered by Gen. Tuan Chih-jui, the army commander. It was stated here to-day. The terms are being communicated to the leaders of the Chihli faction.

Tuan Chih-jui, it is said, being confronted by what he considered insurmountable difficulties, tendered his resignation of the army's command, but President Hu-Shih-chang has not accepted it. The peace terms included the punishment of Gen. Hsu-Shu-cheng, the former resident Commissioner of Inner Mongolia, who refused to recognize his dismissal; the discharge of all troops under the command of Tuan Chih-jui, the dissolution of the Parliament, the dismissal of three Anfu Militarists and the suppression of the Anfu Club.

Such as swollen business heads, jumping like frogs from one device to another, fishing for trade, not lacking in money, but short of other requisites, forming a barometer worthy of study to learn what kind of business weather to avoid.

Or a woman who cannot sit still long enough to have her picture taken.

It is not the times that are bad; the sun still shines in the day and the stars at night; the rainbow the other day after the rain spanned the heavens more brilliantly than ever to witness to the Eternal promise: "While the earth remaineth seed time and harvest and cold and heat and Summer and Winter and day and night shall not cease."

"That couldn't—be done—and he did it."

It did seem impossible three weeks ago to hold the August Sale. We had just finished the extraordinary selling in our campaign to lower prices. In some things we were almost bought out.

Our furniture stocks were knocked into a cocked hat. Dining-room furniture was shot to pieces. Bedroom furniture looked as though a cyclone had hit it.

On all the furniture galleries huge bare spots stared us in the face. Our warehouses were almost empty—except with sold goods awaiting delivery.

Freight embargoes still prevented furniture from reaching New York.

"But we buckled right in with a trace of a grin—"

got permits for cars; had them routed to Brooklyn, Staten Island, Long Island, New Jersey—any place within trucking distance of the store; and then the embargo was lifted.

In one day we hauled 28 truck loads of furniture samples into the store.

Hauling and unloading night after night and day after day—bringing to our floors samples of \$450,000 of brand new furniture not shown before—

And now we open the sale with \$575,000 of regular stock furniture;

\$450,000 of special purchases; in the store and in our warehouses, and

\$1,100,000 more furniture on order and in transit.

Total it up. The figures speak for themselves. More than two million dollars of furniture for this Autumn's business in this Store alone. (Our Philadelphia store practically duplicates the plans). Half of it is now ready for the August Sale; new shipments to come almost daily.

So, the housing of the people in this eight million circle (according to the latest U. S. census) may begin at once—to-day, July 22, the first day of Courtesy.

These Days of Courtesy

grew out of the congestion of the usual first days of the August Sale. Everybody came at once. Some came days ahead of the opening day—to "look around," as they said. We couldn't get enough salesmen. Our deliveries were clogged. So we started the idea of "Days of Courtesy," announced that all the furniture would be tagged with the lowered August prices, and that selections might be made at once, transactions and deliveries to date from August 1.

We're all smiles now! The furniture is here. In a supply that enables us to open an old-time August Sale—famous the world over.

"And somebody said that it couldn't be done."

Today's the first day.

Will you come?
